John:

Today I had five copies of a letter from me and an air dispersion modeling report prepared by Barr Engineering delivered to you, Eric Cohen, Dan Schaufelberger, Sarah Marshall, and Randy Robinson. The letter and report were dropped off on the 14th floor and given to an attorney named Eileen who said she would take care of getting everything delivered to each of you. Will you please confirm for me that you and the others received what we sent? After you review it, will you also then please let me know if you want to make arrangements for the air modelers to discuss technical matters and how you may wish to proceed as to some of the suggestions I made. I look forward to hearing from you.

Respectfully yours,

Matthew E. Cohn
